

Township of

North Dundas

COUNCIL REPORT

To:	CAO, Mayor and Members of Council
From	John Oswald – Patrol Foreman/Drainage Superintendent
Date of Meeting:	Jan 10, 2012
Subject:	Public Works Monthly Update (Dec)

In the month of December some repairs took place on the shed in behind our main garage, new lights have been installed along with plugs and a new Hydro panel. The men have been working on equipment maintenance and finishing up a few repairs at the main garage and working on our new sign stock room. The balance Christmas lights have been installed in front of the main office.

Embrun Sanitation was called in to flush out a plugged culvert on Simms St in Mountain a resident had water held up in their back yard and called it in.

Patching has been on going throughout the Twp, and our new hot box has been working excellent for us.

Some children playing signs have been installed on Norton Rd.

The crews have been out quite a few times salting and sanding the roads, Steve Guy has been working out well for us as a night patrol man.

I had two of our new on call operators in for some one on one training on their plow routes Ward Bennett and Mike Byers.

Working daily on the roads budget for the majority of the month and on Dec/20 I attended a R.W.I.S seminar put on by the Counties in Cornwall we will be getting access to use their system.

The information for the grant application was submitted for Helmer Rd closure on December 24th

Drainage Report

Mr. Dennis Cartner has received the approval from SNR and has proceeded to complete his drainage works on the Dawley Drain.

I am now accepting drainage maintenance request forms for 2012 cleaning.

Respectfully submitted,

John Oswald
