

Township of

North Dundas

COUNCIL REPORT

To:	CAO, Mayor and Members of Council
From:	John Oswald – Patrol Foreman/Drainage Superintendent
Date of Meeting:	Feb 7, 2011
Subject:	Public Works Monthly Update (Jan)

The month of January there was a lot of time spent on the roads Budget. The plow crews were out numerous times with all that freezing rain we have been receiving. In between the storms the graders have been out ice blading the gravel roads.

We have had a few individuals that have been pumping water on to our roadways and a few eves trough problems the individuals have been served with a letter asking them to stop this practice.

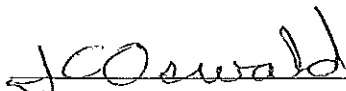

The crews have been doing some snow removal around the villages, dead end streets and at the Chesterville Arena. There has been some sign work ongoing and pot hole repairs through out the Township. The walkway in South Mountain between Bridge Street and Francis St has been opened.

The new Roads Superintendent started on Jan/03/12 I have spent some time with Dan Belleau helping him fit in.

Drainage Report

Working on setting up for this year's Drainage works and completing the application forms for the Grants that apply for Superintendents wages and Drainage works from last season. I attended this year Drainage Conference in London it was quite informative.

Respectfully submitted,

John Oswald
