

Township of North Dundas

COUNCIL REPORT

To:	CAO, Mayor and Members of Council
From:	Gina Welch, Community Development Programmer
Date of Meeting:	February 5, 2013
Subject:	Recreation

1. On Saturday, January 26, 2013 ice rentals from 7am – 7pm were cancelled due to condensation and water on the ice. Groups were notified as soon as the problem was noticed. All groups affected have been given a credit on their account for the time lost.
2. I have put a call out for bartenders to work the wedding on February 16, 2013.
3. The Winchester Waves are going to do some fundraising to help with the pool renovations. Winchester Dairyfest has also agreed to donate to the renovations. It has been suggested that when we renovate the pool we should look at the possibility of putting footings in for a cover so the swim season can be expanded to May – Sept.
4. The Green Food Bag numbers have increased from 75 bags a month to 110 bags in both December and January.
5. Programs on Monday, January 28th were cancelled due to the weather. All participants were called and informed of the cancellations and classes will be extended by one week at the end of the session.
