

Township of North Dundas

COUNCIL REPORT

To:	CAO, Mayor and Members of Council
From:	Mary Lynn, Water/Sewer Assistant Manager
Date of Meeting:	February 5, 2013
Subject:	Water & Sewer Report

1. Chesterville Water Meter Tender:

The Chesterville Water Meter Tender was awarded to Neptune Technology Group (Evans Supply) and they have accepted. Matt Morris of Eastern Engineering is to set up a meeting to discuss the contract. The completion date for this project is slated for the end of November 2013.

2. Fee for Developers re: Winchester Sanitary Sewer System Capacity Assessment Study:

Calvin, Dan, Angela and I sat down to discuss a fee (By-law) to recoup the cost from the developers for the capacity study. Our proposed fee would be as follows: \$60.00 per Residential Unit and a Commercial Fee that would include a flat rate fee of \$500.00, plus a \$60.00 per unit fee (which is equivalent to the residential fee). Please note that the \$60.00 fee would be based on a sewer unit (1600 liters per day) similar to the Dawley Drive By-law and the County Rd#3 By-law to connect to the sewer. Alternatively if the developer does not want to pay for this report, they may elect to have an engineer complete the study for them.

Mary Lynn Plummer
